AMC Welcomes Edward J. Kamienski, P.E. LEED® AP to its Staff

July 17, 2007 Anchorage, AK— AMC Engineers welcomes senior electrical engineer Edward J. Kamienski, P.E., LEED® AP to its staff.

Kamienski brings over 25 years of design and engineering experience to AMC including electrical systems, power distribution, lighting, instrumentation, fire protection systems, data and communications systems, planning, construction management, field assessments, inspections and commissioning.

He is a USGBC LEED® Accredited Professional and was a recent speaker at the 2007 Society of Military Engineers (SAME) conference held in Anchorage on the topic of electrical design and implementation under the USGBC LEED® sustainable design rating system.

At AMC, Ed is providing design and coordination support for projects at Providence Alaska Medical Center, the University of Alaska, Ted Stevens Anchorage International Airport and a design of a new pool for the Kodiak Island Borough School District.

AMC Engineers is an award-winning full service mechanical-electrical-security-control systems-telecommunication design engineering firm. Now in its 26th year, AMC provides top-quality, innovative design throughout Alaska.
