AMC Engineers' Principal One of Alaska's Top Forty Under 40 Award Winners

October 2, 2006, Anchorage, AK- Edward E. Peck, P.E., Principal, of Anchorage-based AMC Engineers, was selected as one of Alaska's 2006 Top Forty Under 40 award winners.

The award is given by the Anchorage Chamber of Commerce and the Alaska Journal of Commerce and is designed to recognize the state's top professionals younger than age 40. Award recipients have demonstrated professional excellence and a commitment to their community.

Peck, an electrical engineer, joined AMC in 1998, was named an Associate in 2004 and a Principal in 2005. He has over 14 years of experience designing electrical systems for a variety of educational, commercial and industrial building projects. He specializes in lighting, communications, low voltage systems, i.e., fire alarm, intercom, paging, TV, energy management and control systems, nurse call, security, telemetry, etc., and power distribution systems with particular emphasis on systems for schools, laboratories and health care facilities.

In 2002, he received an International Illumination Design Award (IIDA) Regional Award of Merit from the Illuminating Engineering Society of North America (IESNA) for excellence in lighting design for Wasilla's Teeland Middle School. He performed construction administration for the Alaska Native Medical Center (ANMC) where he also designed and executed an interactive maintenance program for ANMC allowing maintenance personnel to access information from any computer in the facility.

Some of Ed's current projects include the Department of Health & Social Services Virology Laboratory at UAF, the Seward Long Term Care Facility, Clark Middle School replacement, the new MSB Career Center that is currently under construction and numerous projects at Providence Alaska Medical Center.

Peck is a Construction Specification Institute Certified Document Technician and has a Bachelor of Science in electrical engineering from the University of Washington. He is an Alaska Native of the Cook Inlet Region, Inc. (CIRI).

Celebrating 25 Years 1981-2006
